Assistant Principal

August 28, 2017

On January 7, 2008, a law was passed in New Jersey that requires every child entering sixth grade on or after September 1, 2008, or born on or after January 1, 1997 to receive the following immunizations: Tdap(1 dose) and meningococcal (1 dose).

Students who do not receive the immunizations by the end of September will not be permitted to attend school, or any extracurricular / academic activities, until immunization has been done.

As soon as your child receives his / her immunizations, please forward proof of such to the school nurse at the Buena Regional Middle School. The information can be mailed, scanned and emailed, faxed, or dropped off to the nurse at the Middle School.

If you have any questions concerning the process, please contact Jessica Mellon, the school nurse, at 856-697-0100 extension 5604.

Thank you for your cooperation in this matter.

Sincerely,

David Albertson
